Lithium Ion Batteries for Motorola XPR6000 Radios

Keep your Motorola XPR6000 radios powered up with a high-performance Li-Ion battery, offering long-lasting performance through the shift and into overtime. The batteries are manufactured under the highest quality control standards with premium Li-Ion cells.

USB-C charging allows the batteries to be charged any place, any time to always be mission ready. The Smart battery option properly identifies and manages the battery in Motorola chargers.
