

## ATROC

### Receive Only Acoustic Tube Earpiece

Experience clear and discreet communication with the Receive Only Acoustic Tube Earpiece, designed with a right-angled connector and UV-protected surgical tubing for durability. Our Acoustic Tube Earpieces epitomize excellence, featuring premium components to deliver an unparalleled user experience. Available in multiple lengths for a perfect fit, the earpiece includes quick disconnect tubing, replaceable parts, and compatibility with various ear tip styles.

### Features

- Quick disconnect tubing to allow replacement and maintenance of the acoustic tube
- Replaceable ear tube, ear tips, and transducers
- Surgical-grade tubing resists fading and freezing
- Strong, rotating clothing clip for secure attachment
- Available in multiple lengths with a 3.5mm or 2.5mm connector
- One extra, clear ear tip included, with a variety of ear tip styles available separately (single, double, triple-flanged)
- Coiled cord provides an extra 6 inches for flexibility
- Compatible with multiple speaker microphone and PTT devices
